Introduction

The *Reading Horizons Discovery (RHD)* program can be used as a supplemental phonics program to enhance a basal reading series or as a complete phonics program when one is not present in a reading series. The *RHD* program is explicit, sequential, and systematic in teaching consonant and vowel sounds, using a unique marking system for decoding and reading purposes. ***RHD Kindergarten*** has two teacher manuals – **Kindergarten Chapter 1 (K-Ch. 1)** and **Kindergarten Chapter 2 (K-Ch. 2)**. The Kindergarten manuals include lessons on the Alphabet (letters/sounds), Building Words, Nonsense Words, Blends, Special Vowel Combinations, Digraphs (*th, ch, sh, wh, ph*), Short and Long vowel sounds, seven Grammar/Reference Lessons (capitalization, punctuation, sentence structure, alphabetical order, nouns, verbs, antonyms), and eight Most Common Word lists (30 words total).

Due to the unique marking system of proving words, it is recommended to teach the Alphabet lessons and Blends in *RHD* order along with the basal reading lessons. The **Practice Pages and Enrichment Pages** on the **Enrichment CD** work as a great reinforcement for practicing the skills being taught. The **stories** in the *Little Books* serve as an excellent source to use for reading with the *RHD* lessons due to the controlled and sequential vocabulary.

RHD contains a **Phonemic Awareness (PA) Section** to be used as a determinant factor of phonemic awareness in students through teaching the lessons and administering the assessments. The PA lessons can be reviewed throughout the program to enhance phonics skills.

Houghton-Mifflin/ Harcourt STORY TOWN Kindergarten lessons are contained in the Teacher Edition. There are ten Themes in the Teacher Edition, each Theme contains lessons (one lesson per week, 5 days of specific skills). The Story Town skills will be labeled or coded as, Theme (Th), Lesson/week (lsn/wk), example: Th 1, lsn/wk 3 (please check the 5-Day Lesson Planner to see which day a skill is taught during the week). Alphabet Sound/Spelling Cards and Letter Cards are used in *Story Town* by the teacher for letter/sound recognition (Photo Cards are used for ELL purposes), and blending to make words. *Leveled Readers (pre-decodable books)* for independent reading or small groups are labeled as “Below-Level, On-Level, and Advanced”. **All the vowel sounds are taught as vowel phonograms (example: -at, -am, -op, -in, etc.), and Phonics and Spelling are taught together using Word Builder cards. If students have difficulty hearing the vowel sound, teachers are encouraged to use the Word Sort vowel families to help sound out and spell words.** Paying close attention to the *5-Day Lesson Planner* at the beginning of each Lesson/Week will let the teacher know when specific phonologic, phonic, spelling, and grammar skills are taught.

The following implementation guide shows the *RHD* sequence of phonics instruction, correlating the *STORY TOWN* phonics lessons to the *RHD* sequence. We recommend you follow the *RHD* sequence and use the marking system when teaching the phonic skills in *STORY TOWN*. When using the practice pages from *STORY TOWN*, be sure to encourage your students to use the *RHD* marking system when decoding words. Supplement with material from the Enrichment CD and *Little Books* to reinforce the skill.
