Lesson 62: Most Common Words List 14

A. The world is made up of many different nations. The United States of America is one country that every person living in America should learn about. It is in between two other countries: It is below Canada and above Mexico. One part of America - Alaska - is near Russia.

A popular American food is the hot dog. Add ketchup, mustard, and relish, and you're ready for a truly American meal!

When it comes to scenery, America offers the still waters of The Great Salt Lake in Utah, and the high mountains of the Appalachian range on the east coast. The desert in Arizona is dry and sandy, but there are thousands of

plants in the forests of Oregon. Each person can choose his or her own favorite state. No two are exactly the same.

- B. 1. It is between them
2. Add ketchup, mustard, and relish
3. The high mountains of the Appalachian range
4. Near Russia
