Introduction

The *Reading Horizons Discovery (RHD)* program can be used as a supplemental phonics program to enhance a basal reading series or as a complete phonics program when one is not present in a reading series. The *RHD* program is explicit, sequential, and systematic in teaching consonant and vowel sounds, using a unique marking system for decoding and reading purposes. *RHD Grades 1-3* has six teacher manuals – **Chapters 1-6, Decoding Strategies for Grades 1-3**. The Grades 1-3 teacher manuals include lessons on the Alphabet (letters/sounds), Building Words, Nonsense Words, Blends, Special Vowel Combinations, Digraphs, Short and Long vowel sounds (5 Phonetic Skills/Vowel Patterns), Syllabication (Decoding Skills 1 and 2), Y as a Vowel, R-Controlled Vowels (Murmur Diphthongs), Common Diphthongs (Special Vowel Sounds), Prefixes/Suffixes, and many more skills, 15 Grammar/Reference Lessons, and 22 Most Common Word lists (300 words total). The **teacher manuals for *RHD* Grades 1-3** (there are 6 Chapters/Manuals) will be referred as **Grades 1-3**. The lessons will be, **Lsn**, and page numbers will be indicated, **pp**. Example: *RHD Gr 1-3, Chpt 1, Lsn 1, pp. 43-57*.

Due to the unique marking system of proving words, it is recommended to teach the Alphabet lessons, Blends, Special Vowel Combinations, and Digraphs in *RHD* order along with the basal reading lessons. The **practice and enrichment pages** on the **Enrichment CD** work as a great reinforcement for practicing the skills being taught. The **stories** in the *Little Books* serve as an excellent source to use for reading with the *RHD* lessons due to the controlled and sequential vocabulary.

RHD contains a **Phonemic Awareness (PA) Section** to be used as a determinant factor of phonemic awareness skills in students. The phonemic awareness lessons are structured to be used as needed.

Scott Foresman Reading Street 2nd grade reviews/teaches letters and letter sounds with Sound-Spelling Cards and Letter Tiles. There are six Teacher Editions (Units) for 2nd grade – **Reading Street**. For coding references below, the Teacher Editions (U) will be referred to as U2.1, U2.2, U2.3, U2.4, U2.5, U2.6; week as wk-. Check the “Skills Overview” at the beginning of each section in the Teacher Edition (U) for the specific day the skill is taught. The 2nd grade phonics instruction relies on previous 1st Grade introduction of phonics, grammar, and word structure.

The following implementation guide shows the *RHD* sequence of phonics instruction, correlating the Scott Foresman **READING STREET** phonics lessons to the *RHD* sequence. We recommend you follow the *RHD* sequence and use the marking system when teaching the phonic skills in Scott Foresman **READING STREET**. When using the practice pages from Scott Foresman **READING STREET**, be sure to encourage your students to use the *RHD* marking system when decoding words. Supplement with materials as instructed in each *RHD* Lesson Summary, the Enrichment CD, and *Little Books* to reinforce each skill. *RHD* Practice and Enrichment Pages, Skill Checks and Chapter Assessments are found on the Reading Horizons webpage www.RHAccelerate.com/.

Reading Horizons Discovery® -- Last Job of Y, **Gr 1-3**, Ch 4, Lsn 64, pp. 47-54.

Implementation -- Teach last rule for y (long *e* vowel sound): when there is more than one working vowel in a word and y is at the end of the word, y will say the long *e* sound.

Teach exception: when the word is a verb and ends with *-ny*, *-fy*, *-ly*, the y is long *i* vowel sound.

Specific markings are introduced to aid students in decoding the vowel sound in a word. Use marking system to 'prove' syllables/words. Reinforce skills with practice pages and differentiation activities.

Use Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Many Jobs of Y:

Reading Street -- Y says long 'i' as in fly/by: U2.3, wk-4.
Long 'a' spelled ay: U2.2, wk-5.

Reading Horizons Discovery® -- Many Jobs of Y, **Gr 1-3**, Ch 4, Lsn 59, pp. 5-15.

Implementation -- Teach *y* at the beginning of a word is a consonant.

Teach when *y* is anywhere else in a word, it is a vowel. In single-syllable words, when *y* is the working vowel it will ‘take’ the vowel *i* (short and long *i*) follow Phonetic Skills 1-4.

When *y* acts as an adjacent vowel (e.g., *-ay/gray*, *-ey/key*) it is silent. ***Exceptions*: they, grey, whey, and prey.

When *y* is next to a *c* or *g*, it becomes the Rainbow *S* and Rainbow *J* (e.g., *cyst*, *gym*).

Specific markings are introduced to aid students in decoding the vowel sound in a word. Use marking system to ‘prove’ words. Reinforce skills with practice pages and differentiation activities.

- Both sounds *e* and *a* are heard, place a dot under each vowel (e.g., *create*, *idea*).

Teach there are five sounds for the *ie* adjacent vowel:

- Long ī (e.g., *tie*).
- *I* is silent and *e* is long ē (e.g., *chief*).
- *E* comes before *I* except after *c*, long ē (e.g., *receive*).

-*TION* makes the */shun/* sound, it is its own syllable in a word.

-*SION* has two sounds: *-sion* makes the */shun/* sound when preceded by the consonants *s*, *n*, or *l* (e.g., *mission*, *expansion*, *compulsion*). *-SION* makes the */zhun/* sound when preceded by a vowel or Murmur Diphthong (e.g., *lesion*, *aversion*).

-*TIAL* has the */shul/* sound.

-*US* and *-OUS* both have the sound */us/*: words ending in *-ous* are adjectives and words ending in *-us* are nouns.

-*IST* and *-EST*: words ending in *-ist* are nouns, words ending in *-est* are usually adjectives.

Reading Street -- (VC/V Pattern): not reviewed as a specific skill in 2nd grade. Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening smaller word parts within the entire word. Students must listen to the word to determine whether the vowel in the first syllable is long or short.

Reading Horizons Discovery® -- Decoding Exceptions, **Gr 1-3**, Ch 5, Lsn 91, pp. 153-161.

Implementation -- Teach the students the exception to the decoding skill when multi-syllabic words do not follow the Two Decoding Skills. For correct pronunciation of the word, a vowel change needs to take place. Long vowels can be marked as “short” but never the reverse. Follow the decoding skills for syllabication and introduce the new markings for the vowels in those syllables. Use marking system to ‘prove’ syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Decoding Skill 1:

Reading Street -- Decoding Skill 1(V/CV Pattern): not reviewed in 2nd grade. Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening smaller word parts within the entire word. If a word has one consonant between the two vowels, the consonant usually goes with the second vowel.

Correlation

Reading Horizons Discovery® -- Decoding Skill 1, **Gr 1-3**, Ch 4, Lsn 61, pp. 25-34.

Implementation -- Teach the first skill for dividing words into syllables. If one consonant follows the vowel, the consonant goes on to the next vowel. Remember to have students decode vowel sound, using five Phonetic Skills, one syllable at a time and “box” each syllable. Use marking system to ‘prove’ syllables/words. Reinforce skills with practice pages and differentiation activities.

Use Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Decoding Skill 2:

Reading Street -- Using Decoding Skill #2 (VC/CV Pattern): not reviewed in 2nd grade. Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening smaller word parts within the entire word. If there are two consonants together, break between the two consonants for syllables.

Reading Horizons Discovery® -- Decoding Skill 2, **Gr 1-3**, Ch 4, Lsn 66, pp. 61-71.

Implementation -- Teach the second skill for dividing words into syllables. If two consonants follow the vowel, the consonants split and one stays with the 1st vowel and the consonant goes on to the next vowel. Remember to have students decode vowel sound one syllable at a time, and “box” each syllable. Use marking system to ‘prove’ syllables/words. Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Decoding Multi-Syllabic Words:

Reading Street -- Not reviewed in 2nd grade.

Reading Horizons Discovery® -- Decoding Multi-Syllabic Words, **Gr 1-3**, Ch 5, Lsn 82, pp. 61-68.

Implementation -- Using both Decoding Skills 1 and 2, the students will decode any length word. Use marking system to ‘prove’ syllables/words. Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Decoding Two-Syllable Words:

Reading Street -- (VC/CV) Pattern: not reviewed in 2nd grade. Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening smaller word parts within the entire word. If there are two consonants together, break between the two consonants for syllables. A word has as many syllables as it has vowel sounds.

Reading Horizons Discovery® -- Decoding Two-Syllable Words, **Gr 1-3**, Ch 4, Lsn 73, pp. 117-125.

Implementation -- Practice decoding two-syllable words with Decoding Skills 1 and 2 using the markings learned in the five Phonetic Skills, words ending in *-le*, and the schwa to decode each syllable.

Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Double Consonants:

Reading Street -- Not taught to be recognized as a regular spelling skill, only taught as a syllabication/reading skill. (VC/CV) Pattern: not reviewed in 2nd grade. Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening smaller word parts within the entire word. If there are two consonants together, break between the two consonants for syllables.

Reading Horizons Discovery® -- Double Consonants, **Gr 1-3**, Ch 4, Lsn 68, pp. 77-84.

Implementation -- Teach when double consonants occur in a multi-syllabic word, the first of the double consonants is usually not pronounced.

Teach Double Cs: when the vowels *a*, *o*, or *u* follows double *c*, only one sound for *c* is heard /k/ (e.g., *accord*, *account*); when vowels *i* or *e* follow double *c*, two sounds for *c* are heard /k/ and /s/ (e.g., *accent*, *access*).

Specific markings are introduced to aid students in decoding the vowel sound in a word. Use marking system to 'prove' syllables/words. Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Many Jobs of Y:

Reading Street -- Y Can Be Short Vowel 'ī': not taught as a skill in 2nd grade.

Y with Silent E: not taught as a skill in 2nd grade.

Long 'e' spelled -ey: not taught in 2nd grade.

Reading Horizons Discovery® -- Many Jobs of Y, **Gr 1-3**, Ch 4, Lsn 59, pp. 5-15.

Implementation -- Teach *y* at the beginning of a word is a consonant.

Teach when *y* is anywhere else in a word, it is a vowel. In single-syllable words, when *y* is the working vowel it will 'take' the vowel *i* (short and long *i*) follow Phonetic Skills 1-4.

When *y* acts as an adjacent vowel (e.g., -*ay/gray*, -*ey/key*) it is silent. ** *Exceptions*: they, grey, whey, and prey.

When *y* is next to a *c* or *g*, it becomes the Rainbow *S* and Rainbow *J* (e.g., *cyst*, *gym*).

Specific markings are introduced to aid students in decoding the vowel sound in a word. Use marking system to 'prove' words. Reinforce skills with practice pages and differentiation activities.

Use Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

-TION makes the /shun/ sound, it is its own syllable in a word.

-SION has two sounds: -sion makes the /shun/ sound when preceded by the consonants s, n, or l (e.g., *mission, expansion, compulsion*). -SION makes the /zhun/ sound when preceded by a vowel or Murmur Diphthong (e.g., *lesion, aversion*).

-TIAL has the /shul/ sound.

-US and -OUS both have the sound /us/: words ending in -ous are adjectives and words ending in -us are nouns.

-IST and -EST: words ending in -ist are nouns, words ending in -est are usually adjectives.

Use marking system to 'prove' syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.
