Introduction

The *Reading Horizons Discovery (RHD)* program can be used as a supplemental phonics program to enhance a basal reading series or as a complete phonics program when one is not present in a reading series. The *RHD* program is explicit, sequential, and systematic in teaching consonant and vowel sounds, using a unique marking system for decoding and reading purposes. *RHD Grades 1-3* has six teacher manuals – **Chapters 1-6, Decoding Strategies for Grades 1-3**. The Grades 1-3 teacher manuals include lessons on the Alphabet (letters/sounds), Building Words, Nonsense Words, Blends, Special Vowel Combinations, Digraphs, Short and Long vowel sounds (5 Phonetic Skills/Vowel Patterns), Syllabication (Decoding Skills 1 and 2), Y as a Vowel, R-Controlled Vowels (Murmur Diphthongs), Common Diphthongs (Special Vowel Sounds), Prefixes/Suffixes, and many more skills, 15 Grammar/Reference Lessons, and 22 Most Common Word lists (300 words total). The **teacher manuals for RHD Grades 1-3** (there are 6 Chapters/Manuals) will be referred as **Grades 1-3**. The **lessons** will be, **Lsn**, and page numbers will be indicated, **pp**. Example: *RHD Gr 1-3, Chpt 1, Lsn 1, pp. 43-57*.

Due to the unique marking system of proving words, it is recommended to teach the Alphabet lessons, Blends, Special Vowel Combinations, and Digraphs in *RHD* order along with the basal reading lessons. The **practice and enrichment pages** on the **Enrichment CD** work as a great reinforcement for practicing the skills being taught.

RHD contains a **Phonemic Awareness (PA) Section** to be used as a determinant factor of phonemic awareness skills in students. The phonemic awareness lessons are structured to be used as needed.

Macmillan/McGraw-Hill Treasures 3rd Grade reviews/teaches letters and associated sounds with Sound-Spelling Cards. **Macmillan/McGraw-Hill Treasures** consists of six Teacher Editions (each manual is referred as a Unit and has a specific title. For instance, Unit 1 is Our World). For coding references below, the Teacher Editions (TE) will be referred to as Unit 3.1, Unit 3.2, Unit 3.3, Unit 3.4, Unit 3.5, Unit 3.6; week as wk- (i.e. U3.1, wk-3). Check the “Unit Planner” at the beginning of each Teacher Edition to note what phonics and grammar skills are taught. Each Unit suggests a 5-6 week pacing, even though there are only five sets of Suggested Daily Lesson Plans consisting of five days per TE. The “Daily Lesson Plans” overview at the beginning of each section in the Unit notes the specific day of the skill during the week. The 3rd grade phonics relies on previous instruction from **Macmillan/McGraw-Hill K-2nd grade** phonic skills. Phonics strategies are taught during the Word Study portion of the daily language. *Phonemic Awareness is **not** a priority in 3rd Grade. Oral Language, Vocabulary, Reading, and Comprehension strategies are the main focus, with phonics skills practiced primarily for spelling purposes. Vocabulary and High Frequency words are put on Word Wall.*

The following implementation guide shows the *RHD* sequence of phonics instruction, correlating the Macmillan/McGraw-Hill Treasures phonics lessons to the *RHD* sequence. We recommend you follow the *RHD* sequence and use the marking system when teaching

Introduction

the phonic skills in Macmillan/McGraw-Hill Treasures. When using the practice pages from Macmillan/McGraw-Hill, be sure to encourage your students to use the *RHD* marking system when decoding words. Supplement with materials as instructed in each *RHD* Lesson Summary, the Enrichment CD, and *Little Books* to reinforce each skill. *RHD* Practice and Enrichment Pages, Skill Checks and Chapter Assessments are found on the Reading Horizons webpage www.RHAccelerate.com/.

The format will be as follows:

Gr 1-3, Lesson 90, Spelling with -KE, -CK, -K, and -C, pp. 141-151

Treasures -- Not taught to be recognized as a regular spelling skill, only taught as a phonics/reading skill or as endings to phonograms (e.g., -ock, -ink, -ake, etc).

Implementation -- The /k/ sound has various spellings depending on the vowel sound and where it falls in a syllable in a word.

Teach the spelling rules associated with /k/ as an ending sound (-ke, -ck, -k, -c).

- Long vowel silent e words ending, use -ke spelling.
- Short vowel and no other consonant is heard next to the /k/, use -ck spelling.
- Adjacent Vowel words, Murmur Diphthong words, Special Vowel Combination words, and words that have an *l* or *n* preceding the *k*, use -k spelling.
- When the /k/ is heard in the middle of a multi-syllabic word or at the end of a multi-syllabic word, usually the -c spelling is used (*deduct*, *picnic*).

Use marking system to ‘prove’ syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Gr 1-3, Lesson 91, Decoding Exceptions, pp. 153-161

Treasures -- Words with V/CV and VC/C Pattern: U3.5, wk-5.

Implementation -- Teach the students the exception to the decoding skill when multi-syllabic words do not follow the Two Decoding Skills. For correct pronunciation of the word, a vowel change needs to take place. Long vowels can be marked as “short” but never the reverse. Follow the decoding skills for syllabication and introduce the new markings for the vowels in those syllables. Use marking system to ‘prove’ syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Gr 1-3, Lesson 93, Other Suffixes: -TION, -SION, and -OUS, pp. 169-181

Treasures -- -tion: not identified as a phonics or spelling skill in 3rd grade.

-sion: not identified as a phonics or spelling skill in 3rd grade.

-ous: not identified as a phonics or spelling skill in 3rd grade.

Implementation -- Students will learn and identify the tion/sion/ous /shun/, /zhun/, and /us/ syllable (or suffix) in words. Teach the spelling, pronunciation, and decoding strategies/markings system for decoding multi-syllable words containing -tion, -sion, and -ous.

-TION makes the /shun/ sound, it is its own syllable in a word.

-SION has two sounds: -sion makes the /shun/ sound when preceded by the consonants *s*, *n*, or *l* (e.g., *mission*, *expansion*, *compulsion*). -SION makes the /zhun/ sound when preceded by a vowel or Murmur Diphthong (e.g., *lesion*, *aversion*).

-TIAL has the /shul/ sound.

-US and -OUS both have the sound /us/: words ending in -ous are adjectives and words ending in -us are nouns.

-IST and -EST: words ending in -ist are nouns, words ending in -est are usually adjectives.

Use marking system to 'prove' syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Use Blends Poster, 42 Sounds Poster, Five Phonetic Skills Poster, Whole Class and Student Transfer Cards.

Read corresponding *Reading Horizons Discovery*® Little Book.

Gr 1-3, Lesson 94, Letter Combinations that Split, pp. 183-194

Treasures -- Decode Words with VC/CV Pattern: U3.5, wk-4.

Implementation -- Teach that some letter combinations will split in multi-syllabic words. Some blends will split for decoding purposes in multi-syllable words (e.g., *sc/escape*, *sk/basket*, *sp/dispose*, *st/mister*).

The Digraph *gn* will split if it comes in the middle of a word (e.g., *signet*).

Some Special Vowel Combinations may split in a multi-syllable word. The *-ng* and *-nk* usually keeps its vowel sound (e.g., *an-ger*, *sin-gle*); vowels in the *-ll* usually become short (e.g., *gall*, *gal-lows*).

Use marking system to 'prove' syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Use the special marking system to ‘prove’ syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Read corresponding *Reading Horizons Discovery*® Little Book.

Gr 1-3, Lesson 96, Reversed Vowels, pp. 17-28

Implementation -- Teach the sounds and spellings of *eu* and *ew*. Both spellings have the same sounds of long ū (*feud*, *few*) and /oo/ (*neutron*, *new*). The *eu* spelling is not used at the end of a word.

Although this vowel is not a Special Vowel Sound, it is marked as one. Use the marking system to ‘prove’ syllables/words. Use word bank at the end of the lesson for dictation practice. Reinforce skills with practice pages and differentiation activities.

Implementation -- Teach students to know the particular spelling clues for single syllable words ending with the sound of /s/ using -ss, -se, or -ce:

- one-syllable, short vowel words with no vowel preceding the /s/ sound, spelled -ss.
- one-syllable, long vowel words ending in /s/ sound, spelled -ce (exceptions: *base, case, chase, vase*).
- Most one-syllable, short vowel words with a consonant preceding the /s/ sound, spelled -ce.
