Introduction

The *Reading Horizons Discovery (RHD)* program can be used as a supplemental phonics program to enhance a basal reading series or as a complete phonics program when one is not present in a reading series. The *RHD* program is explicit, sequential, and systematic in teaching consonant and vowel sounds, using a unique marking system for decoding and reading purposes. *RHD Grades 1-3* has six teacher manuals – **Chapters 1-6, Decoding Strategies for Grades 1-3**. The Grades 1-3 teacher manuals include lessons on the Alphabet (letters/sounds), Building Words, Nonsense Words, Blends, Special Vowel Combinations, Digraphs, Short and Long vowel sounds (5 Phonetic Skills/Vowel Patterns), Syllabication (Decoding Skills 1 and 2), Y as a Vowel, R-Controlled Vowels (Murmur Diphthongs), Common Diphthongs (Special Vowel Sounds), Prefixes/Suffixes, and many more skills, 15 Grammar/Reference Lessons, and 22 Most Common Word lists (300 words total). The **teacher manuals for RHD Grades 1-3** (there are 6 Chapters/Manuals) will be referred as **Grades 1-3**. The **lessons** will be, **Lsn**, and page numbers will be indicated, **pp**. Example: *RHD Gr 1-3, Ch 1, Lsn 1, pp. 43-57*.

Due to the unique marking system of proving words, it is recommended to teach the Alphabet lessons, Blends, Special Vowel Combinations, and Digraphs in *RHD* order along with the basal reading lessons. The **practice and enrichment pages** on the **Enrichment CD** work as a great reinforcement for practicing the skills being taught.

RHD contains a **Phonemic Awareness (PA) Section** to be used as a determinant factor of phonemic awareness skills in students. The phonemic awareness lessons are structured to be used as needed.

Macmillan/McGraw-Hill Treasures 1st Grade lessons are presented as **Units/Teacher Edition (U)**, **Week (wk-)**; there are **6 Units/ Teacher Editions for 2nd Grade (U2.1, U2.2, U2.3, U2.4, U2.5, U2.6)**. **Grade 2 lessons focus on phonemic awareness skills, phonics, and high-frequency word-recognition skills**. Prior to Unit 1 is a section review called *Smart Start*. *Smart Start* is a 1 week lesson review of skills taught in 1st (phonemic awareness, phonics, listening and comprehension, vocabulary, and writing). Guided practice of reading rhymes is used to help reinforce the letter sound being reviewed. Each 2nd grade Unit is divided into 5 weeks of specific lessons, and week six is a review and assess. Alphabet Sound/Spelling Cards and Letter Cards are used in *Treasures* for teacher support. Most vowel sounds are taught in word families and students are taught to identify vowel sounds using spelling patterns (example: -am, -en, -ig, -op, -ut).

The following implementation guide shows the RHD sequence of phonics instruction, correlating the Macmillan/McGraw-Hill Treasures phonics lessons to the RHD sequence. We recommend you follow the RHD sequence and use the marking system when teaching the phonic skills in Macmillan/McGraw-Hill Treasures. When using the practice pages from Macmillan/McGraw-Hill, be sure to encourage your students to use the RHD marking system when decoding words. Supplement with materials as instructed in each RHD Lesson

Many Jobs of Y:

Treasures -- Y says long 'i' as in fly/by: U2.2, wk-4.

Long 'a' spelled ay: U2.2, wk-3.

Reading Horizons Discovery® -- Many Jobs of Y, **Gr 1-3**, Ch 4, Lsn 59, pp. 5-15.

Teach when y is anywhere else in a word, it is a vowel. In single-syllable words, when y is the working vowel it will 'take' the vowel i (short and long i) follow Phonetic Skills 1-4.

When y acts as an adjacent vowel (e.g., *-ay/gray*, *-ey/key*) it is silent. *** Exceptions: they, grey, whey, and prey.*

When y is next to a c or g, it becomes the Rainbow S and Rainbow J (e.g., *cyst, gym*).

Specific markings are introduced to aid students in decoding the vowel sound in a word. Use marking system to 'prove' words. Reinforce skills with practice pages and differentiation activities.

Decoding Skill 1:

Treasures -- Teaching to syllabicate/decode words with a marking system is not taught as specific decoding skill. It is introduced as a phonemic awareness skill, listening for the vowel sound and syllable pattern. It is then taught as affixes (prefix or suffix) to base words. Students are to “clap” for each vowel sound or syllable heard in a word.

Reading Horizons Discovery® -- Decoding Skill 1, **Gr 1-3**, Ch 4, Lsn 61, pp. 25-34.

Correlation

Implementation -- Teach the first skill for dividing words into syllables. If one consonant follows the vowel, the consonant goes on to the next vowel. Remember to have students decode vowel sound, using five Phonetic Skills, one syllable at a time and “box” each syllable. Use marking system to ‘prove’ syllables/words. Reinforce skills with practice pages and differentiation activities.
