Quick Install Instructions

Reading Horizons v5 Software

Network

See Stand Alone instructions on reverse.

	800.333.0054	+ www.reaaingnc
诸 Setup		
Installation Options		ReadingHorizons*
Please specify the directo	ry where Reading Horizons will be installed.	
Installation Directory	C:\Program Files\Reading Horizons	6
BitRock Installer		

7.Once the number has been entered, click **Next** to verify, and continue.

8. The *Installation Options* window will then appear. **Note**: This installation will automatically configure the server and setup the server computer as a client. Remember, the installation must be performed on the server directly.

The *Installation Directory* is the location on the server where the program will be installed. Type the location for the desired directory or click the folder icon on the right-side to browse the server for the appropriate directory. Setup will automatically create a directory named '*Reading Horizons* 5' in the server location you specify. All network files will be copied into this folder.

9.It is also possible to select the platform for the client computers. They can be either Windows or Macintosh or where desired both platforms can be selected. Click **Next** to continue with the installation.

Questions? Call technical support at 800.333.0054

rights users will be able to use the program.

Site Details		eadingHorizons
Information used to initialize the site d	atabase.	
Site Name	Reading Horizons	
Administrator's Pirst Name	John	
Administrator's Last Name	Smith	
Administrator's Username	Ismith	
Administrator's Password	•••••	
Confirm Administrator's Password	*****	

•2000, Windows XP, Vista, 7, 800MHz processor, 256MB or

•2000, Windows XP, Vista, 7, Server 2003, Server 2008, Mac OS

Note: All installations must be performed on the server, not from a

client computer, while logged into the computer with administrative

rights. Once the installation has been successfully performed, limited

•Intel Core Duo 1.33 GHz processor 256 MB of RAM

10. The "*Site Details*" screen will now appear. Please enter the desired Site Name, Administrator's First and Last Name, and the Administrator's Username and Password. The last step is to confirm the Administrator's Password.

* PLEASE NOTE: Make note of the username and password as it will be required for administration login.

11.If changes need to be made before installation begins, click the **Back** button.

12.Click Next to begin the installation.

13.Setup will now begin the installation. Setup will first install the required server files, then install the client program for use on that computer.

* A full network installation may take 30-60 minutes depending on the network speed.*

14.Click on finish when the install has completed. Reading Horizons Server is now successfully installed.

Language Selection	
Please select the installation language	e
English - English	✓
OK Cancel	

Server Installation:

1.Insert the Reading Horizons DVD-ROM into the DVD drive. If the installation doesn't automatically start, launch it manually.

Windows: Click **Start**, and select **Run**. Type x:\Setupwindows.exe where x is the letter of the DVD-ROM drive. Then click **OK** or press the Enter key.

Macintosh: Double click on the CD icon. Select Setup-osx.

2. The Reading Horizons Installation system will initiate.

3.Select the desired language with which to view the installation options (this does not pertain to languages available in the program) and then click **Ok**.

4.Click **Next** on the screen that appears in order to proceed. It is also possible to click **Cancel** at any time to abort the installation.

F Client Installation:

Note: It is possible to create a shortcut to the executable file on the server. Client software must be installed on every workstation. A mapped drive to the server install location is recommended on each client machine, but not required. Macintosh users must mount the server drive.

1. Navigate to the '*Reading Horizons 5*' directory on the network that was specified during the server installation. The folder will contain several files and folders. Locate the file labeled *Clientwindows.exe* for Windows or *Client-osx* for Macintosh and double-click on it.

2.A Security Warning screen may appear. If so, click **Run** to continue with the installation.

3. The next few steps are similar to the Server Installation with the exception of step 6; there is no need to enter the *License Key* again.

4. The *Installation Directory* is the location on the client computer where the program will be installed. This defaults to "Program Files\Reading Horizons". Type a new path or click on the folder on the right-side to browse for a different location. Click next to continue.

Stand Alone Installation:

B

1. Insert the Reading Horizons DVD-ROM into the DVD drive.

If the installation doesn't automatically start, launch it manually. Windows: Click on **Start**, and select **Run**. Type x:\Setup-windows.exe where x is the letter of the DVD-ROM drive. Then click **OK** or press the Enter key. Macintosh: Double click on the CD icon. Select Setup-osx.

2. The Reading Horizons Installation system will initiate.

3.Select the desired language with which to view the installation options (this does not pertain to languages available in the program) and then click **Ok**.

800.333.0054 www.readinghorizons.com Questions? Call technical support at 800.333.0054

NOTE: Where a DVD-ROM drive is not available a CD-ROM/

Flash Drive option is available. Sites that have the Flash Drive

will run the installation directly from the drive after inserting

it in the computer. The accompanying CD's are required to be

in the CD-ROM drive in order for the program to run.

•2000, Windows XP, Vista, 7, 800MHz processor, 256MB or

•Intel Core Duo 1.33 GHz processor 256 MB of RAM

•DVD Drive (CD version available on request.)

•4.5 GB hard drive space to copy program files

10.If changes need to be made before installation begins, click the **Back** button.

11.Click **Next** to begin the installation.

12.Setup will now begin the installation.

* The installation may take 30-60 minutes depending on the speed of the computer.*

13.Click on **Finish** when the install has completed. Reading Horizons is now successfully installed.

Remember: The Reading Horizons DVD-ROM or CD-ROM must be in the drive in order for students to access the software.

Frequently Asked Questions

1. How long does it take the software to load?

The time it takes to load the software is dependent on a few factors, such as the speed of the network or server and whether or not it is a server, stand alone, or client installation. Typically the installation process can take anywhere from 30-60 minutes.

2.Will there be an automatic Reading Horizons icon on my desk top? What will it look like?

Yes, the icon will be the image of our logo, a blue and green Horizon and it will be placed on the desktop upon completion of the installation.

3.What if I forget the Administration username or password that I selected during installation?

You can contact Reading Horizons at anytime for help retrieving a username or password. PLEASE, however, take time to write down the selected username and password during the installation process.

C

4.Click **Next** on the screen that appears in order to proceed. It is also possible to click **Cancel** at any time to abort the installation.

5. The *License Agreement* will appear. Click **Accept** if you have read the terms and agree to the conditions.

6.Enter the *License Key* that accompanied the software. It can be found below or on a label on the DVD packaging. The License Key is a 25-character number that must be entered accurately to allow the software to load and run properly.

PLEASE NOTE: The License Key is not case sensitive.

G

FAQ Continued.

4.What if I don't have a DVD drive?

You can request a CD version of the program. You will receive a flash drive with the installation files and then CD's to use as students run the program.

5. How many computers can I install the program on?

You are free to install the program on as many computers as desired. The number of concurrent users is restricted by the program and will not exceed the licenses purchased. Stand Alone customers must have the DVD or CD in the drive to use the program.

6. If I have a problem while installing what should I do?

Fee free to call our technical support at 800.333.0054. Friendly and help support personal are available to assist with any installation questions. They are available M-F, 8 am-5 pm MST.
